# 133 HAZELTON

RESIDENCES

INSPIRED BY PARIS. ZONED FOR FLEXIBILITY.

It's rare to find a townhome that speaks in the architectural language of a Parisian streetscape: understated and classic with a sense of having always been there. But it's rarer still to find townhomes that have been planned with an eye to how people live and work. There are only three townhomes at 133 Hazelton, and all have been zoned as work-live residences, which means you're permitted to use it solely as a business office, as just a home, or as a combination of both. In the fashionable Toronto mid-town neighbourhood of Yorkville, with amenities including a private screening room, an entertainment suite with an elegant lounge, dining room and catering kitchen, ideal for both personal and corporate uses, overnight accommodation for guests and a fitness retreat, the two-level 133 Hazelton townhomes are an ideal location for specialty niche professions. Part of a tiered, limestone building of only 35 luxury residences, half of which sold within a month of opening, the three townhomes can be custom-designed to your professional needs and the way you want to live. A 24/7 concierge caters to you and your visitors with the discretion of a seasoned hotelier. Underground parking offers convenience.

Come to our Presentation Gallery at the corner of Hazelton and Davenport to see how we think, how we build and what everybody's talking about.
